Clues:

1. Girl Scouts of Western Pennsylvania Troop 26664 left their Legacy at Camp Golden Pond with this letterbox adventure. We hope it will stay lodged here.
2. Row, row, row your kayak down the lake. Merrily, merrily, merrily, merrily, kayaking is a dream!
3. After a long drive, you can finally stretch your legs, but don't forget to take a picture here to remember!
4. The ranger (and maybe you) relaxes and enjoys a view of Lake Louise from here!
5. When out on Lake Louise and you want to stay afloat, get one of these before you get in your boat.
6. If you stay at Unit II and want to cook some stew, look for something you can use to brew.
7. Three different campsites use this space to get cleaned up and wash their face.
8. Up off the ground we stay nice and dry, take us out on the lake to look at the sky.
